

HISTORIC

Designed by Margus Triibmann

Historic is another example of a street lighting where Wannabe profile is used as a lighting source. This lighting is a modernized version of a traditional 18th and 19th century's gas lamp. Carrying on the historical look, History lamps are suitable in environments where preservation of the past and heritage is important and today's highly technological and contemporary street lightings would come across too intense.

The power supply of the lighting is inside the lamp pole and has been selected according to the number and capacity of the LED profiles used. Wannabe profiles are freely movable, thus it is possible to change the shape of the lighting and therefore adjust the area lighted. Such freedom of moving the elements and accustom the space lighted is applicable to all Wannabe profile based lighting designs.

Product code	LO-HI-03	LO-HI-04
Light source	LED	LED
Number of lighting elements	3	4
Max light output (lm)	6150	8200
Color rendering index (CRI)	≥70	≥70
Color temperature (K)	3000/4000	3000/4000
Power consumption (W)	60	80
Supply voltage	110...240VAC	110...240VAC
Supply frequency	50...60Hz	50...60Hz
Working temperature Ta	-30...+60°C	-30...+60°C
IP rating	66	66
IK rating	8	8
Weight (without pole)	5kg	7kg
